

Name: _____

Session Integration Profile: Using the values identified with the “Session Integration Rubric,” use the formula to obtain your integration profile score. Read the corresponding descriptions and use the final column to draft ideas to enhance integration.

Development [*value*] + Delivery [*value*] + Outcomes [*value*] = _____ [Integration Profile Score]

If your Integration Profile Score falls within this range:	Your Session Integration Profile Group is:	Sessions within this Integration Profile Group tend to demonstrate:	What you can do to enhance integration:
3-4	Isolation	Curricular domains are organized with little to no consideration of other disciplines. Some awareness of what is covered elsewhere.	
5-7	Initial	Temporal coordination of content with little to no connections to other sessions. Awareness of what is covered elsewhere. Multidisciplinary integration occurs, but primarily outside of session.	
8-10	Intermediate	Harmonization of content through interdisciplinary integration. Complementary disciplines, centered around a theme, promoting in-session integration.	
11-12	Mature	Synchronous, trans-disciplinary design and delivery of content. Nesting of related disciplines according to central problem or theme, leading to enhanced in-session integration.
